

Public Accessibility Documentation	
PWS Name: La Mesa Water Cooperative	
PWSID: NM3500123	
Enter Date Last Updated:	10/25/23

Purpose of this worksheet: For systems to provide documentation to states on how they met the public accessibility requirements of the LCRR.

1. Select the location identifiers that you use for your service line inventory. Check all that apply.

- Address
- Street
- Block
- Intersection
- Landmark
- GPS Coordinates
- Other

If "Other", please describe:

account number (unique for each property / service line); property address

2. Does **every service line** have a location identifier?
If "No", explain. Remember that location identifiers are required for service lines that are scheduled for replacement.

3. How are you making your service line inventory publicly accessible? Check all that apply. Remember that if your system serves > 50,000 people, you **must** provide the inventory online.

- Interactive online map
- Static online map
- Online spreadsheet
- Printed spreadsheet
- Printed table
- Information on utility mailings or newsletter
- Hard copy information available in water system office
- Other

If "Other", please describe:
